NUMBER 1

COLLAPSE OF CABINET NEAR

Hungarian Government Menaced by Strikes.

LABOR TROUBLES SPREAD RAPIDLY

Disorders Reported in Various Parts of Country.

Official British Reports Confirm Stories of Revolution in Russia—Bloody Clashes Reported in Many Cities.

London, March 3.—The Hungarian cabinet is threatened with collapse in consequence of the strikes which have spread throughout Hungary, accompanied by unrest and disorders, said an Exchange Telegraph dispatch from Budapest today. The Hungarian government is arresting strike leaders and agitators. Budapest is without newspapers.

Reigning Confirmed.
London, March 3.—Reports received in official British circles confirm despatches telling of an anti-soviet rising in Russia. They state that the situation in Russia is serious.

Fighting is proceeding in many parts of Russia, with Petrograd and Moscow as the centers of the revolutionary movement, the reports add.

The fighting in Petrograd is of gigantic proportions, according to the reports, for 800,000 strikers are declared to be arrayed against the soviet troops, whose exact number it is impossible to estimate.

"It is reliably reported," the dispatch says, "that very many have been killed or wounded on both sides in street fighting and that there has been considerable property damage."

Reports of the revolution in Moscow are meager, doubtless owing to the censorship. One message indicates that large numbers of foreign officers of the Russian army are leading the insurgents there.

In Petrograd the military cadets, who have been among the most reliable supporters of the soviet rule, suffered heavy casualties. Combined forces of laborers and marines, of whom 700 were former service men, attacked the cadets, drove them through the streets to the schools and quickly overwhelmed the cadets.

"Sanguinary fighting continues in the streets and also in the neighborhood of Petrograd," the dispatch says. "The garrison, while not participating actively in the fighting, has handed over all its arms and munitions to the rebels, who are holding Vassily-Ostrov—a suburb of Petrograd—and important residential quarters of the city."

Anti-Red Leaders Advance.
In southern Russia General Duff—anti-Bolshevik leader of the Orenburg Cossacks—with strong forces of Cossacks is operating successfully in the Orenburg plains, while General Antonov, who is leading the insurgents in the central, southern and Volga districts, has made a considerable advance which threatens to cut off all communications with Caucasus.

"Bad railway communications are handicapping both sides. The Georgian government has ordered mobilization of all able bodied Mohammedans who are instructed to support the Christians defending the country."

"Yesterday General Antonov received a slight check at the hands of the soviet forces and was obliged to give up Manor. In the evening, however, there was a great accession to his ranks of peasants and hundreds of deserters from the soviet army. The latest report is that General Antonov is preparing another offensive."

The Russian trade delegation here announced yesterday that it was communicating direct with Moscow and that it was authorized to deny the rumors of a revolution in Russia. These, it was declared, were absolutely false and were started for political purposes or in the interest of stock exchanges."

Crosses Reder River.
Constantinople, March 3.—Batum is being evacuated by allied traders and bankers, according to some reports who reached the city from this. Russian Red Cross troops in large numbers are invading Georgia from all directions. It is said in dispatches received here, that the soviet army has crossed the Reder river, which flows into the Black sea southeast of Salonika, and is driving Georgian troops southward toward Pail.

RAIL BROTHERHOODS ISSUE CHALLENGE

Authorize Strike on a Southern Road Today.

Chicago, March 3.—Sixteen railroad brotherhoods today issued what is in effect a challenge to the United States railway labor board, and authorized a strike of employees of the Atlanta, Birmingham & Atlantic railroad, whose request to put into effect a wage cut was recently declared to be a matter in which the board has no jurisdiction because of the financial condition imposed.

Sanction of the A. B. & A. strike was telegraphed to the road employees early today, following an all-night conference of the heads of the brotherhoods.

TUMULTU TURNS DOWN APPOINTMENT

Another Appointment Will Be Made at Once.

Washington, March 3.—Joseph P. Tumulty, secretary of the president, today declined appointment by the president as a member of the international joint commission. Tumulty stated that the work of the commission "is most important, affecting as it does the relations between the United States and Great Britain" and that because of "professional engagements," he did not feel he would be able to devote the time to the work that it required.

Another appointment to the post will be made today, it was stated.

BREAT RIOTS IN DETROIT TODAY

Mob Attacks Against Price of Bread.

GROWING VIOLENT WHEN POLICE APPEAR

Mob Threatens To Wreck Bakery and Attacks Customers Leaving Place.

Detroit, March 3.—A mob of more than 300 men, women and children, protesting against the high price of bread, was dispersed by police in front of the bakery of Samuel Rosen, No. 2421 Hastings street, this afternoon.

Three men, patrolling in front of the bakery of B. Rosen, No. 3023 Hastings street, armed with shotguns, and refusing to let customers enter the place, took to their heels as soon as the police were in sight. They had pounced upon customers as they emerged from the bakery, torn loaves of bread from their arms, and threw them into the street.

They were threatening to wreck the place when Rosen telephoned the police. The trouble is the culmination of agitation for a reduction in the price of bread. Detroit is paying fifteen cents for loaves weighing one and a half pounds.

BARNESVILLE IS MENACED BY FIRE

Sparks from Destroyed Glass Plant Ignite Buildings.

Barnesville, March 3.—Sparks from the ruins of the Gorsuch glass plant, which was completely destroyed by fire, early today, with about a \$1,000,000 loss, this afternoon set fire to the city hall and Baltimore & Ohio railroad passenger station and the entire town is now threatened with destruction. The water pressure is so weak that the fire at the city hall and Baltimore & Ohio station is beyond control and nearby buildings are reported ablaze.

Both the city hall and station are in the heart of the city and from all appearance, the city of Barnesville, with a population of 10,000, will suffer heavily.

Stock Market.
New York, March 3.—Pressure against Atlantic Gulf and West Indies was the outstanding feature of the opening of the stock market today. Atlantic Gulf, after opening one-fourth higher at forty-six, had a quick drop to forty-three and one-half. The directors of the company are to meet, this afternoon, for action on the preferred dividend. Atlantic Gulf preferred, fell two and five-eighths to thirty-seven and one-half. Chandler motors was another weak feature, because of fears of possible dividend reaction, dropping over two points to sixty-six and one-eighth.

PUBLICITY TO PROMOTE IMPROVED CONDITION

Discussed by Kiwanis at Weekly Noon Luncheon Today.

ADVERTISING IS TO APPEAR TOMORROW

Charity Fund Is To Be Established by the Local Organization.

An explanation of the advertising to appear tomorrow over the Kiwanis name in the interest of the campaign now being carried on to promote better business conditions was made to members of the Marion Kiwanis club at their weekly noon luncheon in the private dining room of the Busy Bee cafeteria at noon today by C. W. McClain.

Mr. McClain briefly sketched business conditions during the war and the reverse of that prosperity which he said still confronts the business man and explained that some economists now claim that the present business unhealthiness is only the result of a state of mind.

This campaign, he stated, is an effort to bring about normal and sane buying of necessities to promote better conditions.

In a Personal Way.
G. W. Jakeway, manager of the Pollak Steel company's plant here, discussed the proposal briefly, and stated that from a manufacturer's viewpoint, there is little that can be done in this way. He expressed the belief, however, that a great deal can be done in a personal way, which will eventually relieve conditions among manufacturers.

President J. W. McMurray announced that tomorrow all the Kiwanis clubs of the country will send greetings and pledges of support to President-Elect W. G. Harding on the occasion of his inauguration.

Announcement also was made that there is an attendance contest being carried on during March, April and May among all Kiwanis clubs and the one with the best attendance will be awarded a trophy. President McMurray announced that the luncheon fee has been increased from sixty-five to seventy-five cents and that the additional ten cents will be used for a charity fund.

To Hold Reception.
Washington, March 3.—President Wilson, today, agreed to hold a reception, tomorrow afternoon, for Democratic members of congress. The president was asked to hold such a reception at his new home, following the inaugural ceremonies.

SOLDIER BONUS MUST GO OVER

Hope Abandoned for This and Other Measures.

NAVAL MEASURE TO DIE WITH CONGRESS

House and Senate Conference Reach Agreement on Army Appropriation Measure.

Washington, March 3.—Senate and house conference on the army appropriation bill reached an agreement to make provision for an army of 400,000 enlisted men for the next fiscal year. The agreement was a compromise between the senate figure of 175,000 and the house maximum of 150,000, and apparently insures passage of the \$385,000,000 army budget at this session.

The house agreed to the conference compromise of \$21,100,000 for the army air service, instead of the \$19,200,000 it originally voted. The senate had proposed \$23,000,000. Of the total \$2,500,000 would be for new planes and \$100,000 for experimental work.

The fight on the naval bill continues in the senate and indications are that it finally will take its place with the great mass of bills which are regarded as certain to die with this congress.

Among the measures for which hope has been abandoned are those proposing compensation for former service men, regulation of cold storage and the meat and coal industries, \$100,000,000 for state road aid, a federal budget system, reorganization of the patent office and many others regarded as of less importance.

President Wilson has signed six of the supply measures passed. These are the postoffice, diplomatic, district of Columbia, rivers and harbors, pension and deficiency. Sent to him during the day were the legislative, Indian and agricultural bills. General legislation awaiting the president's signature includes the emergency tariff bill, which was referred for report to the treasury department; the immigration restriction bill, now before the labor department for a report, and the resolution repealing most of the special war-time laws.

The fate of the soldier bonus bill apparently was decided in the senate. Senator McCumber, for the senate committee, made formal request for unanimous consent to bring up the measure, but Senator Thomas, who filed a minority report opposing it, objected.

AN NEW ADDITION TO AN OLD BUSINESS

UHLER-PHILLIPS TO OPEN NEW STORE MARCH 5th

MARION'S MOST UP TO DATE SELF-SERVE GROCERY

Uhlcr-Phillips Company Opens Ideal Grocery Down Stairs

Main Stairway Just Three Steps Within West Entrance

Nearly one-third of Uhlcr-Phillips large basement is devoted to a New Self-Serve Grocery. The new stair-way that leads to the Groceria is just three steps inside the West Entrance. This convenience makes it unnecessary to walk through any department of the First Floor.

The designer of this Paramount Cash and Carry Grocery Store did not overlook a single item in the arrangement of aisles, display shelves and tables.

Turnstiles are so arranged that it is practically impossible to have aisles obstructed. Plenty of space is devoted to each shopping section, and it is one feature in eliminating confusion which is usually found in a self-serve grocery.

There are forty-six sections in this department. Each one containing certain varieties of well-known and reliable food-stuffs. There are no extremely high or low shelves to in any way interfere in conveniently making selections. The listings are so complete and well in reach that a child can shop without confusion and can readily find any item.

Along the main aisles throughout the store are table displays. These displays will contain different specials each week of popular brands of canned goods, coffee, flour, etc.

Between sections thirteen and fourteen a large new McCrey Refrigerator has been installed. Butter, lard, eggs, smoked meats and the like are displayed. Every item displayed bears a small white price sticker plainly printed. This up-to-date firm installed their own price label printing machine, which has a capacity of 5000 an hour to help out any over-head expense that might add to the selling price.

The Newest Grocery in Marion is without any question one of the prettiest and most sanitary groceries anywhere. All of the fixtures are enameled in white and the floor is immaculately grey.

Every convenience to help out the selling price of over 1200 items has been installed. Electric cash registers, electric scales and ideal wrapping counters help to serve every customer quickly and economically.

The management said yesterday: "No extensive advertising will be used in developing the new Groceria, as we feel confident that the very low prices existing on every article will advertise that fact far and wide. Soon this whole community will know that they can save money down here on every good kind of food-stuffs, every day in the week,—every week in the year."

TRUTHFUL AND VERY MODEST ADVERTISING

NO SCARE HEADS TO APPEAR IN ADVERTISING

Modest Advertising Means Low Prices.

The management of the New Down-Stairs Store readily appreciates that it can not give the lowest prices possible if wasteful and exaggerated advertising is used. With this end in view there will be no black-face scare-heads or enlarged glaring prices.

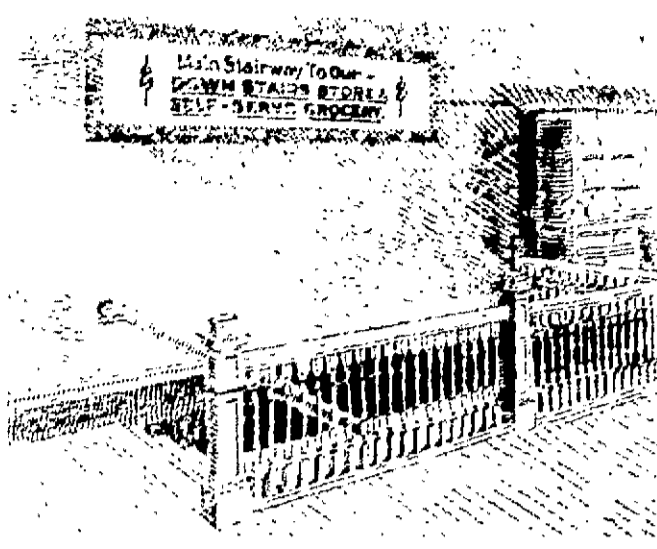

Modest advertising which tells the truth is not expensive but is a profitable investment to the Up-to-Date Retail Store. The merchandise Down-Stairs will be advertised in a truthful, simple and highly dignified manner so as to ever merit the customers' confidence.

A FINE NEW AND COMPLETE STORE

New Addition Is an Entirely Distinct and Separate Store.

Nothing but New Merchandise To Be Handled.

Thousands and thousands of dollars worth of good inexpensive new merchandise has been bought for this New Addition to an Old Business. Merchandising preparations have been in the making for weeks and Uhlcr-Phillips New York Office has been exceptionally busy shopping so as to give exceedingly low prices in this New Down-Stairs Store.

DOWN STAIRS OUT OF HIGH RENT DISTRICT

NO COAL TO BUY

Large Basement Room Formerly Used for Trimming Supplies Now an Up-to-Date Day-Light Store.

Hundreds of items will be displayed in the Down-Stairs. They include everything from handkerchiefs to suits, dresses, coats and waists. A complete line of men's boys' children's shirts, socks, stockings, etc., makes this the most complete department store in the community.

One of the many policies that will make this Low Price Store very popular is the fact that anything purchased may be returned if not found satisfactory. Customers will be treated the same as up-stairs. No questions will be asked and money will be refunded for the asking.

Another great feature brought out very forcibly to the reporter is the fact that no merchandise will be misrepresented. If the goods are "seconds" or "irregulars" it will be made known. Some of the choicest and best bargains obtained are frequently second qualities. This New Store will handle some choice and dependable "seconds" but they will not be sold as first quality merchandise.

This New Addition is an entirely distinct and separate store—having its own buyers and its own management. If an up-stairs buyer should purchase any goods that move slowly—that buyer must shoulder his own mistakes. He can not, under any circumstances, turn it over to the Down-Stairs Store to sell. This figure the rent on this room as high as the same space would be considered worth in a town of five hundred.

NEW ADDITION MAKES GENUINE CITY STORE FOR THE UHLER-PHILLIPS COMPANY

ENTIRE COMMUNITY INTERESTED IN THE OPENING OF THE NEW BIG DOWN-STAIRS STORE ON WEST CENTER STREET.

"CASH AND CARRY" IS THE SLOGAN OF THE BIG DOWN-STAIRS STORE, WHICH IS SURE TO BECOME ONE OF THE POPULAR SELLING PLACES.

The past few years have proven that a great number of the buying public have desired a Cash and Carry Store where good, inexpensive merchandise could be bought at the lowest prices possible. The Uhlcr-Phillips Company are ever striving to please their customers and with this one thought in mind their latest effort in creating this New Addition makes this a Genuine City Store throughout.

ENTIRE COMMUNITY INTERESTED

Not only is Marion interested in the opening of this New Down-Stairs Store, but people from all over this entire community will be delighted to know that good inexpensive merchandise can be bought for such low prices. Low prices will be maintained at all times and it will be impossible to duplicate the values that will prevail in this New Addition.

NEW STORE DOWN STAIRS

For a number of weeks carpenters, electricians and painters have been working day and night installing a new front stairway, (just inside the Marion Theatre Lobby) and in transforming this large basement room into a Day-Light and Well Equipped Modern Store.

ALL NEW MERCHANDISE

For over two months Uhlcr-Phillips' New York Office has been shopping with unusual care to make purchases for this New Store. Thousands and thousands of dollars' worth of good, brand new, inexpensive merchandise will be handled down-stairs and not one cent's worth will be taken down from up-stairs at any time.

DRY GOODS AND GROCERIES

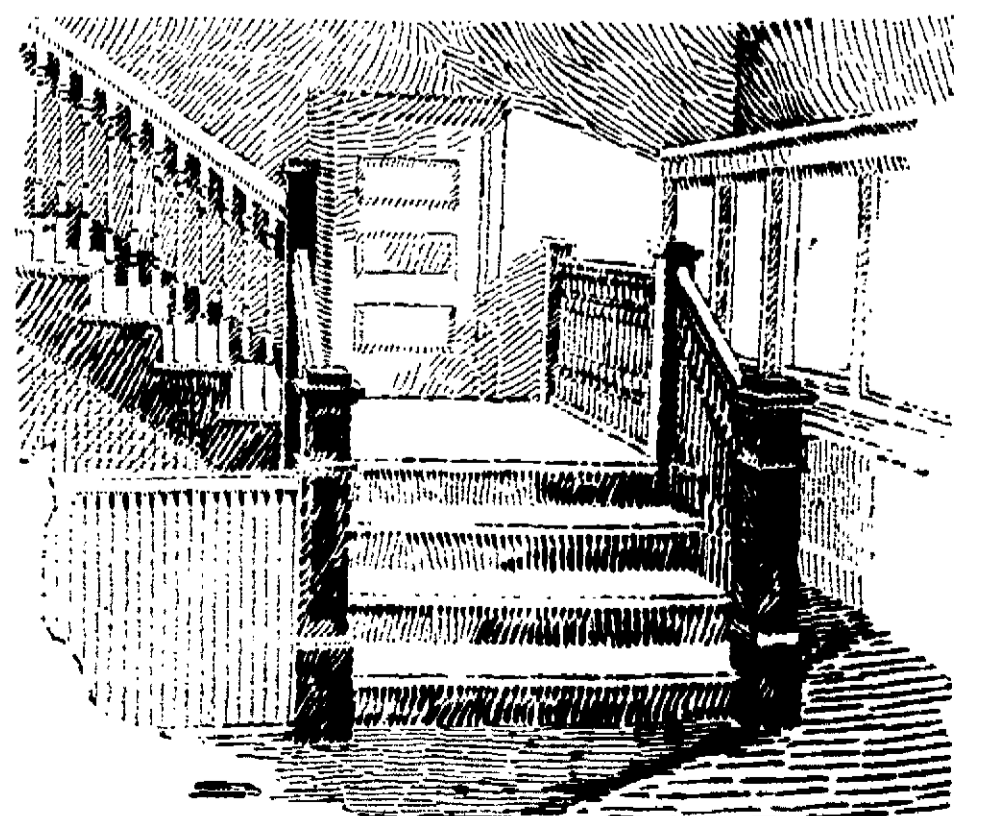

The New Down-Stairs Store consists of two distinct sections. The first section is devoted to a New Self-Serve Grocery, which, without a question, will be one of the busiest stores of this kind in the city. Here are assembled a great selection of the choicest and best pure food stuffs obtainable. Only standard well-known, and perfectly reliable brands are shown on the display shelves and tables.

The second section, which occupies about two-thirds of the space, is devoted to the fresh, brand new stocks of popular priced hosiery and underwear (Men's, Women's and Children's), children's dresses, women's house dresses, aprons, muslin underwear, corsets and ready-to-wear garments—suits, coats, dresses and waists; white goods, ginghams, percales, shirtings; curtain nets, marquisettes and the like; boys' caps and waists, men's work and dress shirts, etc.

CASH AND CARRY

Since the sole aim and purpose of the New Store is to sell desirable new merchandise of the inexpensive sort at the lowest possible prices it will be a strictly Cash and Carry Store. Uhlcr-Phillips' New Store will be conducted in behalf of the people who prefer to go to some trouble themselves if they can save money by so doing. Nothing in the way of service will be found down-stairs which adds anything whatsoever to the prices at which the merchandise and groceries must be sold.

A MESSAGE OF CONDOLENCE SENT MRS. CHAMP CLARK

By President-Elect Harding Wednesday Afternoon.

News of the death of former Speaker Champ Clark, of Missouri, reached President-Elect W. G. Harding Wednesday afternoon and he dispatched this message to Mrs. Clark at Washington:

"I am grieved deeply to learn of the death of Mr. Clark. I deeply respected his marked ability and his splendid public service, and had come to hold him in very affectionate personal regard. I know that all who know him will join me in wishing that your sorrow may be tempered in the consciousness of the country grieving with you."

PERSONAL GIFTS ARE PRESENTED TO HARDING

When He Is Made a Knight Templar Here.

Tuesday evening, when President-Elect Warren G. Harding had conferred upon him all the Knights Templar orders by Marion Commandery, No. 36, Knights Templars, three members of the order, James A. Knapp, O. S. Rapp and Daniel Evans, each presented him a personal gift. Mr. Knapp's gift was the baldric; that of Mr. Rapp, a sword, and Mr. Evans presented him spurs.

As each donor presented his gift to the candidate, he made a personal address aside from that in the regular work of the order.

HARDING ROOM AT MARION CLUB-HOUSE

It Holds Many Treasures of Front-Porch Campaign.

A very attractive and interesting room has just been fitted up in the northeast parlor of the Marion clubhouse by the steward, Harry Task, in honor of President-Elect Harding. It is to be known as the "Harding" room. On its walls hang many scenes taken at the famous front porch during the campaign, as well as portraits of the president-elect and many of his distinguished visitors who were guests at the clubhouse during their visits here.

On the west wall hangs a large likeness of Mr. Harding, done in oil, and grouped about it and on the other walls are autographed photographs of many of the notable men here during the campaign, which were presented by them to the club. There are also group pictures showing President-Elect and Mrs. Harding, with various guests, taken at the Harding home; pictures taken of the crowds on the special visiting days of the campaign, a group of pictures of the president-elect in his younger days, and original cartoons and comic strips which appeared in city papers during the campaign. A large bronze bust of Mr. Harding, a G. O. P. elephant, and other mementoes of the campaign, are to be found in the room.

Card of Thanks.

We wish to thank all who so kindly assisted us and sent the beautiful floral offerings during the sickness and death of our darling daughter and sister. Also those who so kindly donated machines and the milkster and slingers for their consoiling words. Mr. and Mrs. Milton Hopkins and Her Brothers.

Are You Weak, Worn or Worried? Your Blood Thin and Watery

If you are undergoing STRAIN, STRESS OR TROUBLE, don't forget that nearly sapping the iron from your blood and that your RED BLOOD CELLS are likely DYING BY THE MILLIONS.

IF YOU FEEL THE FIRST WARNING SYMPTOMS—when you notice to lose your strength or vitality, don't sleep well at night, are highly irritable; get the "blues" easily; when your eyes begin to lose their brilliancy and the lids are pale inside, (a most important symptom) then is the time you should act and not wait until you go down in a state of complete nervousness or physical collapse.

New York physician says that MORE THAN ONE-HALF THE POPULATION OF AMERICA PERISHES BEFORE MIDDLE AGE and that one chief contributory cause of this terrible waste of human life is the devastating effect brought on by lack of iron in the blood.

There are 30,000,000,000,000 red blood cells in your blood and must have iron.

Your blood is starving for iron. You must have iron. Iron is the tonic and stimulant of life. You must eat the husks of iron. You must eat the husks of iron.

If you are not strong or well you owe it to yourself to make the following test: See how long you can walk or how far you can walk without stopping. Now take two containing foods as spinach, five-grain cereals or ordinary Nuxated. But be sure the iron is organic iron and not metallic iron. Then test again. Your strength again, and see how much you have gained.

Over 4,000,000 people annually are injured by the teeth not disturbed the stomach. Your money will be refunded if the iron in your blood is not organic. Obtain perfectly satisfactory results. Bender, Mrs. Harry Long and Mrs. Charles Garber assisted Mrs. Marks in entertaining her guests.

Harmonie Society.

The Harmonie society, of the Saint Evangelical church, met at the church, Wednesday night, following the Lenten service. There was a large attendance and Mrs. Hannah Drellinger was a guest. Plans were made for an all-day sewing at the church next Wednesday, for the destitute children of Europe. It was decided to hold a birthday social March 16.

Still the attendance and interest increases at the Calvary church revival. Last night's service was attended by a crowd nearly twice as large as any previous Wednesday night. On account of not having the rainy season in India for the past two years, people are dying at the rate of 1,000 an hour, a great many from starvation. Rev. Mr. Rassman said. He told of the need of mission workers in that country, and also of the need of physical help. A collection was taken last night for the mission work. Rev. Mr. Rassman left today for Springfield. He expects to return here this summer for a missionary rally.

The New Implement Store Is Doing Business

Once again Marion has a real live Implement Store. Where you can see big stocks—with prices that are RIGHT.

CORN PLANTERS

THERE are many good reasons why the International corn planter is such a prime favorite among the farmers of corn growing states. It is the way the seed goes into the ground that counts and the International puts it in right.

In the seeding mechanism of an International there are no parts to wear excessively and no fine adjustments to make. Just put in the right seed plate and go ahead. An International corn planter No. 1 can be used for almost any corn planting purpose. It is adjustable to plant rows 40, 42 and 44 inches apart. For checking, drilling or automatic hill-drop work, it can be used with equal efficiency and satisfaction. The drill feature appeals strongly to farmers who wish to plant ensilage corn.

International corn planters are made in various sizes and styles. Call and inspect these.

FIRE WIPES OUT FRAME BLOCK AT MT. GILEAD

Loss Is Placed Between \$30,000 and \$40,000.

TWENTY-FIVE AUTOS, MOSTLY OLD, BURNED

Cardington Fire Department Goes to Assistance of Mt. Gilead.

Mt. Gilead, O., March 2.—(Special.)—Mt. Gilead suffered a fire loss of between \$20,000 and \$40,000 early this morning, when the Chevrolet garage, M. T. Smith's sales barn and Byrd brothers' pool room, occupying an entire block, were completely destroyed by fire. None of the contents was saved, and about twenty-five automobiles were destroyed, including two or three new Chevrolets.

The origin of the fire is not known, but it started in the garage. The loss is only partially covered by insurance.

The fire was discovered about 2 o'clock by the night watchman, Albert Bresse. It had gained such headway that when the big doors of the garage were opened the flames shot forth and quickly spread to the adjoining buildings, which, like the garage, were frame structures.

The Cardington department was called and brought its chemical machine to assist the Mt. Gilead department.

Harry Hull Hurt, one of the men of the Mt. Gilead department, was injured in a fall, covering an artery in one of his wrists.

The garage was conducted by Cecil Hopkins, and the building was owned by T. D. Maizer. The sales barn was owned by Mrs. M. T. Smith and the Byrd brothers owned their own building. All were large

DOCTORS DIDN'T HELP HER SICKLY CHILD

Strong and healthy now. Mother says Milk's Emulsion saved its life.

"Last May my three-year-old baby was taken very ill, got so bad that we expected her to die any time. Had four doctors but they did not know what ailed her and finally stopped coming. She had been sick about 5 months when I started giving her Milk's Emulsion. I noticed results from the first and by the time she had taken 2 bottles she was absolutely strong and healthy. I am thankful to say Milk's Emulsion saved her life." Mrs. Willie S. Pitts, Norcross, Ga.

For restoring appetite, health and strength in sickly children, mothers will find Milk's Emulsion the thing they have always sought. Most children like to take it, because unlike many emulsions and tonics, it really tastes good.

Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach troubles and constipation are promptly relieved.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles honestly with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 75c and \$1.50 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Adv.

KIDNEYS AILING? Watch the Symptoms.

Don't take any chances with your kidneys. If you have the faintest suspicion that your kidneys are weak or your bladder is irritated the wisest thing you can do is to get a bottle of Dr. Carey's Marshmallow at once.

Watch the symptoms carefully. The earliest signals often indicate that the kidneys are ailing and need attention. Dry skin for instance and little specks floating before the eyes. Sometimes the feet feel heavy, as if your shoes were full of lead. Often the joints ache or you have quick, darting pains shooting through the back or side. Then again that frequent desire to empty the bladder, cold, clammy feet and just a little puffiness under the eyes. Occasionally the hands or feet swell slightly and the palms of the hands are moist. Don't neglect them—you can not afford to take any chances with your kidneys.

IMPORTANT — Dr. Daniel G. Carey, the well known kidney and bladder specialist of Elmira, N. Y., who retired recently, declared that this great prescription, No. 777, "Marshmallow," had helped thousands of sufferers from kidney and bladder troubles. It is a patent medicine and is only sold through drug stores to accommodate sick patients. Hereafter you can always get this effective prescription of Dr. G. Carey, and all reliable pharmacists the country over. Keep in mind the name, Dr. Carey's Marshmallow, prescription No. 777. No other medicine can take its place.—Adv.

BASKETBALL

At Here Tomorrow Night, Tomorrow night at the Y. M. C. A. building the Harding High basketball team will battle with the Adair team. The basketball team from the college town went up to the fourth round at the state tournament at Delaware only to be beaten by the last Mt. Vernon team which was one of the two winning teams from the Northern division. Consequently a hard battle is expected and the local fans will have to hit a fast clip to take their opponents into camp. However, practice for the locals has been fast and snappy this week and the forwards have been showing exceptionally good form.

GARIS' BEDTIME STORIES

UNCLE WIGGILY AND UNCLE BOOSTER.

(BY HOWARD H. GARIS.) (Copyright 1921, by the McClure Newspaper Syndicate.)

Uncle Booster was a dear old groundhog or woodchuck gentleman, who lived in a burrow, or underground house, not far from the hollow stump of Uncle Wiggily Longears, the bunny rabbit gentleman. Mr. Booster was uncle to Woodie and Waddie Chuck, the two woodchuck boys, about whom I have told you many stories.

One day Uncle Booster, having come out of his burrow after a long winter sleep, to see if spring were not almost at hand, walked along until he reached the place where Uncle Wiggily lived.

"Oh, I'm very glad to see you," said Uncle Wiggily to the woodchuck gentleman. "Come in!" "I thought perhaps you'd come for a walk and show me how you find adventures," said Uncle Booster.

"I will in a little while," said Uncle Wiggily. "Nurse Jane wasn't feeling well, so I told her take an afternoon off and go to the movies. I said I'd do what housework she left undone. As soon as I finish we'll go walking."

"I'll come in and help you—that is, if you don't try to bake a cake and put salt in instead of sugar," laughed Uncle Booster.

"Oh, you're thinking of Grandpa Goosey!" chuckled Uncle Wiggily. "He put salt in his pie instead of sugar, and I put pepper in my cake instead of chocolate."

That was the story I told you last night, if you children will kindly remember. "No, I'm not doing any cooking or baking today," went on Uncle Wiggily. "I'm just using the carpet sweeper for Nurse Jane. It's a sort of a box on wheels with a handle. You push it over the carpet and it takes up the dirt."

"What makes it?" asked Uncle Booster, who was always anxious to learn how everything worked.

"Don't ask me!" said Uncle Wiggily. "All I know is that the sweeper takes up the dirt. Here, I'll show you!"

The bunny gentleman brought out the affair he called "a box on wheels with a handle." It was just that, for a carpet sweeper is that way, you know. And as Uncle Wiggily pushed it over the carpet the brush inside, of which the bunny

in an easy chair, which Mr. Booster did, letting his long, fluffy tail rest on the carpet. "I'll soon be ready to go out for a walk with you and look for an adventure," said Uncle Wiggily, wheeling the sweeper close around the chair where Uncle Booster sat. "That will be nice," agreed the woodchuck gentleman, when all of a sudden, he looked down, gave a loud cry and asked, "Where is my tail?" "Your tail?" exclaimed Uncle Wiggily. "Your tail?" "Why, yes, it was on the floor beside my chair a moment ago, and now it's gone! Where can it be?" and he and Uncle Wiggily looked all over the floor for the long, brown fluffy tail of the groundhog gentleman.

"Are you sure you had it when you came in?" asked Uncle Wiggily, standing the handle of the carpet sweeper up against the side of the rocking chair in which Uncle Booster sat.

"Am I sure I had my tail when I came in?" repeated Uncle Booster. "Why, of course I'm sure! I never go out without my tail! The idea!"

"Well, of course, I, having such a little one, hardly know whether I take my tail out or not," said the bunny. "But I don't see yours!"

"Nor I," went on Uncle Booster. "And yet I have such a queer feeling where my tail ought to be. Maybe it's under my chair," and he started to rise.

"Don't get up! Don't get up!" cried Uncle Wiggily. "You might rock on your tail! I'll look!"

The bunny got down on his knees and looked under the chair.

"I can't see your tail, Boostie," he said. "I'll move the sweeper." But when the bunny wheeled the carpet sweeper to one side Uncle Booster gave a cry and exclaimed: "Oh, there's my tail! Up inside the sweeper. You rolled the sweeper right over my tail and it was brushed up inside!"

"Oh, so I did!" said Uncle Wiggily. Then he made the sweeper go backward, out came Uncle Booster's tail, slowly unwinding, and all was well.

JUBILEE'S PARDNER

Judd Mortimer Lewis Illustrations by Eduina

I am glad they have not done anything about Hopper's leg. If it was me I would rather they would let me grow up, and then if I wanted it cut off I could have it cut off. If he had a cork leg he would not have to walk with a crutch, and the teacher says that probably none that looked at him would know that he had a cork leg. I asked her if he could bend a cork leg and she said he could and he would wear a shoe and stocking on it just like it was a regular leg. I bet ours would be the only bunch of kids in town that had a cork legger in it.

We all went down to look at the ice where we fell in and the hole has not frozen shut yet. Maybe it will when March goes out like a lion. We was talking about how tough Hopper ain't on the way to school, and if the last bag of Trippe's mother knows what is good for his kid brother, she will let us take him out and start in making him tough before all the cold weather is gone. You can't make a kid tough in the summer time when there is not any snow to lay him in.

When school had let out we all went out back of the poor house to take a look at the river where we got in swimming and it is ice almost

all the way across. Youniss and Maggie went along, because we was not going to go in swimming so why shouldn't they. On the way home we went around past the railroad bridge where I had my pants run over one time by leaving them on the bridge when I went

So All We Got Was Apples.

It is a good thing for me that I was not in them when it happened, because they got run over legthways and that would be worse than crossways.

Then we all went to Ned's and he said to his mother that he had

premiered us each an apple and she said all right, go down to the cellar and get us one, but to not do it again, so he did and when he came up and give us our apples and said to less go out to the barn to eat them, his mother grabbed him and took a banana for each of us out of his shirt, so all we got was the apples. His father is a huckster and had the bananas to huck. If I would give them to my friends, but women won't do that way. I am glad I was not born stingy.

I told Youniss that when I am a man I am going to be a huckster and any time she wants oranges or anything to just ask me and she said she would. The Last Bag of Trippe asked me if I would give him some and I said I should say not.

HOG SALE FOR WAIFS
HERE NEXT THURSDAYMarion County Falls Behind Its
Quota in Drive.

Arrangements have been made for a hog sale at the town barn on 10th and State streets, Thursday, March 10, for the benefit of the starving children of Europe. An animal is to be offered for sale by the Keynotes and Edgewood farms, and it is possible that it will be sold two or more times. The hog is being furnished by C. C. Roberts, Deputy Head and T. C. Grossman.

Money raised in this sale will be added to the amount secured for Marion county's quota for this relief fund. Through a national organization, of which Herbert Hoover is chairman, an effort is being made to raise \$20,000,000 for the 3,500,000 starving children of Europe. Through arrangements made for the distribution of this money, it has been figured that \$10 will furnish food, clothing and medical attention for one child until the next European harvest.

Marion county's quota for this fund is \$7,500, and, according to a recent announcement of the local officials, the county is still several hundred dollars short of its goal.

BASKETBALL

Double-Double Tonight.

The American legion will stage a double basketball bill at the armory, tonight, and the local boys are making an effort to get out a large delegation of the fans. The preliminary game will be between teams of girls. This contest will start at 7:30 o'clock and as soon as it finishes the local American legion team will meet the Osceola team, champions of the Industrial league. The admission has been reduced to twenty-five cents, which will be the admission to all games with home teams.

Game, Then Lecture Course.

The Marion Business College girls' basketball team will play the Waldo high school girls' team, Friday evening, at the Waldo school building. The game is scheduled for 6 o'clock and will precede the final number of the lecture course, which will consist of a program by Frank B. Logan, the soldier cartoonist.
